1 Teleport Drive, Suite 200A Staten Island, NY 10314
www.nightanddaysleep.com

Fax to: 914-333-5925
Attn: Sleep Referral Coordinator
Tel: 914-333-5813

Date: _____

Dear Mr./Mrs./Ms. _____

Dr. _____ has scheduled you for overnight sleep study on _____ at **8:30 PM**. You may park in the visitor parking lot at no charge.

Be sure to bring your insurance information with you. While we check your insurance coverage we ask that you call your insurance company to verify your coverage. You will be responsible for any deductible and/or co-payment at the time of registration.

On the night of your appointment, please bring all medications you are currently taking. A light snack if desired, sleepwear, toiletries, and any reading material you would prefer. To contact the lab directly in case of last minute questions call 347-825-3952.

Our available procedure time is **VERY** limited. With our backlog of patients needing procedures, we believe it is not fair to other patients when a procedure time goes unused. Please try to give us at least 48 hours if you find it necessary to cancel or reschedule an appointment. This way we can fill the time with another patient who has been waiting for this important medical care.

If canceling your appointment is necessary we ask that you notify us at least 48 hours in advance to avoid a \$100 cancellation fee. If you have any questions concerning the testing procedure or how to complete the enclosed forms, please call the Sleep Referral Coordinator at 914-333-5813 and our staff will assist you.

Cordially yours,

Sleep Referral Coordinator

Reminder: We require 48 hours notice of any appointment change or cancellation.

ENCLOSURE

SLEEP LABORATORY PATIENT INSTRUCTIONS TO BE DONE ON THE DAY OF YOUR APPOINTMENT

As natural body oils and normal dirt affect the functioning of the equipment used to perform this test, the following instructions must be carried out on the day of your scheduled appointment.

FAILURE TO FOLLOW THESE INSTRUCTIONS MAY RESULT IN THE CANCELLATION OF YOUR TESTING:

1. **COMPLETE SHOWER OR BATH:**
2. **WASH HAIR WITH SHAMPOO ONLY:** Please no conditioners, hairdressing cream, oils, gels, or hairspray are to be used after your hair has been washed.
3. **HAIR AND SCALP MUST BE COMPLETELY DRY:** upon arrival at the sleep lab otherwise testing will be delayed.
4. **FOR MEN:** Please shave before coming in for your sleep study. This will help keep the sensors in place. If you have a beard please trim it as much as possible before your study.
5. **FOR WOMEN:** If you wear makeup, please wash off before coming in for your sleep study. Do not wear nail polish on your pointer finger as it may interfere with pulse oximeter reading.

ADDITIONAL INSTRUCTIONS INCLUDE:

6. **FRESH NIGHT CLOTHES:** Garments should be of a cotton or cotton-blend material. A loose fitting top such as a T-shirt or pajama with a button down front and loose fitting bottoms such as shorts, sweat pants, or pajama pants is recommended. Room temperature must be maintained between 65-68 degrees for testing, bring nightclothes that will be comfortable for you under these conditions. You may bring reading material if you desire. Television is available but NOT during testing.
7. **NO ALCOHOLIC OR CAFFEINATED BEVERAGES AND NO FOODS CONTAINING ALCOHOL OR CAFFEINE FOR AT LEAST 6 HOURS BEFORE TESTING:** Alcohol and caffeine consumption will cause disruption of sleep cycles and therefore alter test results so please avoid foods and beverages that contain them on the day of your appointment. If you require a snack at night before bedtime please bring one with you, since we are an outpatient facility we do not have food service available.
8. **PLEASE AVOID BRINGING VALUABLES TO THE FACILITY ON THE NIGHT OF YOUR SLEEP STUDY.**
9. **PLEASE BRING THE FOLLOWING ENCLOSED FORMS COMPLETED ON THE NIGHT OF YOUR STUDY:**
 - Pre-test Questionnaire
 - Sleep Diary
 - Epworth Scale
 - Partner Questionnaire (if applicable)
 - Pediatric Questionnaire (if applicable)

Reminder: We require 48 hours notice of any appointment change or cancellation.

“What do I need to bring for the sleep study?”

An overnight bag. We recommend loose fitting clothing. **For women:** we recommend a two piece pajama set. Please note that we provide pillows and blankets at the sleep lab but you may bring the following items to make your stay more comfortable; favorite pillow/blanket reading material, teddy bear. **Please take any medications before coming into lab. If you must take medication at night, please bring medications in their original containers. If you are an asthmatic, remember to bring your inhalers.**

“Do I need to do anything differently the day of the test?”

Follow your normal routine and try to eat your meals as you normally eat and take your normal medications. We do ask that you avoid alcohol and caffeine at least 6 hours before the test. If you shave, shave your beard regularly, we also ask you shave before you arrive.

“Where do I go once I get to the sleep lab?”

Enter through the security gates. Free parking is available beyond these gates. Make a right into Corporate Commons. The lab is on the 2nd Floor in Building 1 through the double doors. Suite # 200-A. Please go down the hallway. Lab is all the way round the corridor.

“What if I can’t sleep?”

We do not expect you to sleep just the same way that you do at home but our technicians work hard to create an environment that is as friendly and comfortable as possible. We need a minimum of two hours of sleep time to make a diagnosis but ideally six hours of sleep data is desired.

“What if I have a hair piece?”

If you have a hair piece it is important that you share this information with sleep referral coordinator at time of scheduling. If the technician cannot get to the scalp we won’t be able to perform sleep study. Electrodes need to be placed on scalp in order for us to properly diagnose you.

“What time will I be awakened?”

The technologist will wake you between 5:30AM and 6:00AM.

“Who do I call if I have questions?”

Please call the Sleep Referral Coordinator @ **347-825-3952**.

“Who do I call if I arrive at the lab and find the doors locked?”

Please call Dimitri Elibert @ 914-879-2053 or Nausheen Ahmed @ 845-287-2426.

“Who do I call for the results of my sleep study?”

Please wait at least two weeks before calling your doctor for the results of your sleep study.

Reminder: We require 48 hours notice of any appointment change or cancellation.

SLEEP CENTER

EPWORTH SLEEPINESS SCALE

Name: _____ Appointment Date: _____ & Time ____ p.m.

How likely are you to doze off or fall asleep in the following situations, in contrast to feeling just tired? This refers to your usual way of life in recent activities. Even if you have not done some of these things recently try to work out how they would have affected you.

Use the following scale to choose the most appropriate number for each situation:

0.....Would never doze
1.....Slight chance of dozing
2.....Moderate chance of dozing
3.....High chance of dozing

****PATIENT** (please complete)**

SITUATION	0	1	2	3
Sitting and Reading				
Watching TV				
Sitting, inactive, in a public place				
Passenger in a car for an hour without a break				
Lying down to rest in the afternoon				
Sitting and talking to someone				
Sitting quietly after lunch with no alcohol				
In a car, while stopped for a few minutes in traffic				

SLEEP CENTER

SLEEP DIARY

Name: _____ Appointment Date: _____ & Time _____ p.m.

The purpose of this form is to provide us with your typical sleep habits. Please start filling it out daily, a week prior to your scheduled sleep study. If your study is less than a week away, give us as many days as you can. This will aid us in the diagnosis of your condition.

Complete the top box each evening prior to bed, and complete the bottom box each morning when you get up. If there is an unusual event on a given night (e.g. illness, emergency, phone calls) make a note of it in the “Unusual Events” row.

- Are you a shift worker yes no If yes, what hours do you work? _____
- How many pillows do you usually sleep with? _____

DATE	Example 9/30							
Each nap time if any	11am 3pm							
Total sleep during Each nap time	15min 1 hr							
Meds or alcohol taken as a Sleep aid at bed time (Y or N)	Y							
Bedtime	11pm							

How long did it take you to Go to sleep?	1 hr							
Rise time	6am							
Total sleep during night	5hrs							
Number of Night-time Awakenings	4							
Duration of each Awakening	5, 15, and 25 mins							
When I awake, I feel 1= exhausted – 5=refreshed	3							
My sleep last night was: 1= very restless – 5=refreshed	2							
Unusual Events	Phone call at 1am
