

Dear Valued Patient,

We are pleased to announce that ENT and Allergy Associates of Pennsylvania is now back in-network with Highmark Insurance, including Federal Blue Shield. This means that both current and new Highmark patients can once again receive care with us under their in-network benefits.

We know that this gap in coverage may have caused frustration or disruption to your care, and we truly regret any challenges it created for you and your family. While the insurance contracting process can be complicated, please know that our focus has always been and will continue to be on supporting you and providing the best care possible.

Our team is available to answer any questions you may have regarding coverage or upcoming appointments.
