

Thank you for contacting ENT and Allergy Associates. We look forward to seeing you at your upcoming appointment.

As you have requested, below is a list of some of our more common services along with associated charges. Your physician will determine which of these (or other services) are medically necessary based on your medical condition at the time of your visit. The below is not meant to be a comprehensive list of services, but rather, a list of common services we provide to our patients:

- Office visit charges range from \$150 to \$400 depending upon whether this is an existing patient visit, a new patient, or a consultation requested by another physician as well as the complexity of the visit.
- Diagnostic Procedure may include: \$108 (*Audiological Evaluation*), \$250 (*Fiberoptic Laryngoscopy or Nasopharyngoscopy*), \$465 (*Nasal Endoscopy*) or \$475 (*Videostroboscopy*). Other procedures may be deemed necessary depending on your medical condition.
- Additional allergy specific diagnostic procedures that may accompany the office visit could include *allergy skin testing* (approximately \$300-\$700) *pulmonary function testing* (approximately \$85) or *intra dermal allergy skin tests* (approximately \$90 - \$360).

By way of example only, once we evaluate your condition, the charges for this visit (which may include an office visit and diagnostic procedures) could range between \$350 and \$650. If you do not have insurance coverage, a prompt pay discount of 30% would apply **if you pay at the time of service**. Therefore under these circumstances, taking into account the prompt pay discount, you would be responsible to pay between \$245 and \$455 for that visit if paid at the time of service.

Please be aware that depending on the nature of your specific medical condition and treatment, your physician may perform certain in-office procedures (e.g. nasal endoscopy, laryngoscopy) that are not included in the standard office visit. [For more information, please click here.](#)

If you have any questions prior to your upcoming appointment please feel free to call us at 1-855-ENTA-DOC.

We look forward to seeing you.

Warm regards,
ENT and Allergy Associates
